

Introduction to American Sign Language

This is an introductory course to American Sign Language for hearing participants to learn fingerspelling and numbers as well as signs for basic greetings, colours, occupations, family, weather, animals, food and more.

You will also learn about technical devices used by Deaf people and Deaf culture. All of our instructors are Deaf and use American Sign Language fluently.

This course is offered as a basic introductory course and is designed to help give students a glimpse into American Sign Language.
